Coffman Mobile Office Visits Sixth District Communities

(LONE TREE, CO) — This week, Rep. Mike Coffman (R-Aurora) held mobile office hours to offer assistance to residents of the 6th Congressional District. Coffman's mobile office made stops in Deer Trail, Simla, Castle Rock, and Parker, Colorado.

"Mobile office hours are an important resource and a great opportunity for residents of the Sixth District who may not be able to make it to my Lone Tree office," Coffman said. "By holding mobile office hours, my staff is able to provide assistance to constituents throughout the Sixth District."

At each location, Legislative Director Charles Cogar as well as Constituent Advocate Myron Spanier were on hand to answer questions and provide assistance to those seeking help with federal issues or casework.

Coffman's Lone Tree office has handled a variety of casework issues throughout the year, ranging from helping veterans obtain benefits, to helping small businesses navigate the loan and technical assistance programs within the U.S. Small Business Administration.
