

**(WASHINGTON, D.C)** - Rep. Mike Coffman (R-Aurora) today released the following statement in response to House Speaker Nancy Pelosi's visit to the Stout Street Clinic in Denver, Colorado.

"August 16<sup>th</sup> will mark the six month anniversary of the Democrats passage of the pork laden stimulus bill and Americans continue to ask, "Where are the jobs?" Mrs. Pelosi shouldn't be touring the country trying to shore up sinking public support for the Democrats' poorly implemented stimulus plan and misguided health care proposal. She should be working to fix them."

"Mrs. Pelosi and her Democrat colleagues yet again failed to explain how they plan to pay for their trillion dollar government takeover of our health care system. The Democrat proposal will likely cause Americans to lose their health insurance and may cause people to lose their job, too."
