a Balanced Budget Amendment**

(WASHINGTON) - Congressman Mike Coffman (R-CO) released the following statement today in response to an announcement by Sen. Mark Udall (D-CO) that he will co-sponsor a balance budget amendment to the United States Constitution:

“As the chairman and founder of the Balance Budget Amendment Caucus, I welcome Sen. Udall’s support in the ongoing effort to get Washington’s fiscal house in order,” Coffman said. “It’s time to make the federal government do what American families, small businesses, and forty nine states already do: balance the budget.”
