

Coffman Statement on Court Decision Ruling Individual Mandate Unconstitutional

(WASHINGTON) – Congressman Mike Coffman (R-CO) issued the following statement today after the 11th Circuit Court of Appeals ruled that the individual mandate in President Obama’s health care law is unconstitutional:

“Today’s decision rightly rejects ObamaCare’s individual mandate by affirming that Congress does not have the authority under the Constitution’s Commerce Clause to force citizens to buy a product and punish them with a tax penalty if they fail to do so,” Coffman said. “I am hopeful that today’s decision leads us closer to abolishing this job-destroying law once and for all.”
